

Beaumont

2019 Beaumont Health Employees as Clinical Faculty within Beaumont Health

These guidelines apply to Beaumont Health employees who are also nursing clinical faculty for an academic institution with a clinical placement assigned to Beaumont Health.

1. When at Beaumont Health for your clinical placement, you are operating at all times as an agent of *the academic institution only*.
2. You may not wear your Beaumont Health employee badge or represent yourself as a Beaumont Health employee in any way while on site as clinical faculty.
3. You will not get a separate username and password for electronic documentation and medication administration as clinical faculty. You will utilize your Beaumont Health employee username and/or password for electronic documentation or medication administration when on site at Beaumont Health for clinical.
4. You will use your employee glucometer bar code and employee pyxis access code when on site as clinical faculty.
5. You are required to attend general faculty orientation with your identified site clinical placement coordinator at least annually.
6. You are required to attend unit faculty orientation on your assigned unit for clinical placements regardless of your site of employment or unit of employment at Beaumont Health.
7. All required fields for ACE PASS must be completed in order to begin your assigned Beaumont Health clinical placement, even if items missing are filed with Beaumont Health in your employee record.
8. You may not complete any Beaumont Health employee work while on site as a clinical faculty for an academic institution.

Any violation of the above may result in the termination of you as faculty throughout Beaumont Health regardless of which site and/or unit your clinical is assigned to or which academic institution you may work for. Your academic institution will be notified of the termination of you as faculty throughout Beaumont Health. The school shall process this termination in accordance with their standards and procedures for faculty excusal from clinical placement.

You shall indemnify, defend and hold harmless Beaumont Health and its subsidiaries, affiliates, officers, directors, agents, representatives and other employees against all claims, judgments, liabilities, damages, losses, expenses and costs (including reasonable attorney fees) incurred as a result of your negligent or intentional wrongdoing actions or omissions within the course and scope of your duties as a nursing clinical faculty member for an academic institution with a clinical placement assigned to any Beaumont Health facility, or as the result of your violation of any of these guidelines.

I have read and understand the above and agree to abide by these guidelines.
