

Instructions for Accessing Policies

 <https://intranet.beaumont.org/>

Policies can be accessed from the Beaumont Intranet. Click on Documents, then Click on Policies.

Policies

Having trouble locating a document in the BH policy system?

Try expanding the search field. Log into the BH policy system (green link), click the "Change Location" dropdown, edit by selecting the desired 'location' or choose "Whole Index of All Policies," rerun your search. If still unsuccessful, the policy likely has not transitioned to the BH policy system. Access the applicable legacy policy system and scroll the lists for your policy.

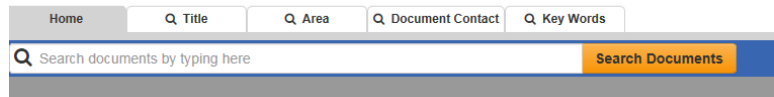

Click the link to Access Beaumont's Policy Management System

Beaumont Health policies and procedures will be published as they are developed. Until then, please visit your founding organization's intranet site for current documents:

- BEAUMONT HEALTH SYSTEM
- BOTSFORD HEALTH CARE
- OAKWOOD HEALTHCARE
- Newly Published Documents from Prior 2 Weeks »

Click on "Beaumont's Policy Management System" in the Green Box. Click in the search bar and type in the name or key words to search for a policy document.

Beaumont

Nursing Student Policies

- Indwelling Urinary Catheter, Adult & Pediatric Patients
- Pain Management in the Adult and Pediatric Populations
- Restraint Policy: Guidelines for the Use of Restraints
- Standard Precautions
- Undergraduate & Graduate Nurse Clinical Placement

Some policies have not been fully transferred into Policy Stat. To look through these policies, go to the Policy homepage (instructions at top) and click on the purple bar that reads "Beaumont Health System." Click on the different links to look through the areas for a policy.
